ANODIZED EXTRUDED ALUMINUM ANNOUNCEMENT BOARDS STAY LUSTROUS ALWAYS!

WHY ANODIZED ALUMINUM IS BEST . . .

Heavy-duty $\frac{1}{8}$ " aluminum extrusion is electrolytically treated to have a permanent protected satin smooth surface. No cost was spared when Dav-Son chose the smoothest, most attractive finish available today to be used on all Dav-Son extruded aluminum boards. All-weather venting system prevents condensation on inside of your board. Truly fine construction capable of withstanding every test of the elements without damage. Completely weatherproof construction features stronger, more costly mitered corners; proof of uncompromised Dav-Son quality. Double reinforced corners are a standard Dav-Son feature. Full length fluorescent light fixture illuminates your Dav-Son board completely for maximum visibility of your message. More construction details on Page 4.

C-880 HORIZONTAL

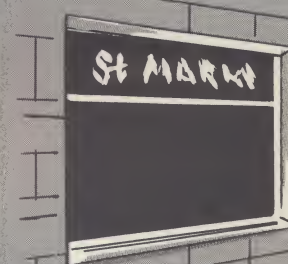

Design and quality to complement the church

Years of outdoor exposure won't mar the finish

Style C-880 features a fully illuminated header panel complete with your church's name

VERSATILE INDOOR-OUTDOOR ANNOUNCEMENT BOARD AO-150

- Complete anodized extruded aluminum construction—a quality bonus
- Overall glass door for full use of removable letter panel

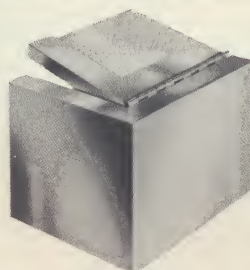

Non-illuminated style features exceptionally slim design, only 1 $\frac{3}{4}$ " deep.

Simulates built-in units when mounted. Tops in economy with no sacrifice of traditional Dav-Son quality. A truly versatile board for a small budget.

HERE'S WHY DAV-SON IS THE LARGEST MANUFACTURER OF ANNOUNCEMENT BOARDS

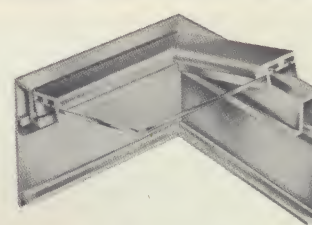

... QUALITY

Quality we want you to see because not all boards have it. This is the unseen quality that determines the useful life of your new bulletin board.

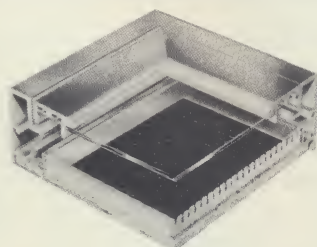

HEAVY GAUGE SATIN STAINLESS STEEL as used in Styles S-3000 and C-500

Double enforced door and moisture seal lip. All outside joints completely soldered. Louvres provide for ventilation.

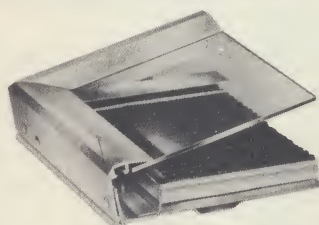

ANODIZED EXTRUDED ALUMINUM as used in Styles C-880 and CF-100

Solid $\frac{1}{8}$ " thick extruded aluminum has double enforced mitered corners. Extruded double enforcement and moisture seal lip add years of strength to its useful life. Louvres provided for ventilation.

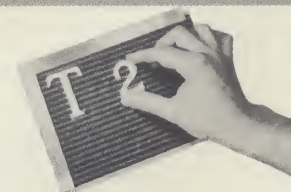

ANODIZED EXTRUDED ALUMINUM as used in Style C-100

Same solid $\frac{1}{8}$ " thick extruded construction. Note compact design of this non-illuminated model.

ANODIZED EXTRUDED ALUMINUM as used in Style AO-150

Note rugged one-piece extrusion of front and sides for added strength. Cut away illustrates construction of overall door.

REMOVABLE LETTER PANEL FOR EASIER CHANGES INDOORS OUT OF THE WEATHER

All panels are constructed of quality exterior plywood, grooved every quarter inch. Weather resistant, non-fading Koroseal cover keeps your board like new indefinitely. Any size washable plastic letters in handy compartment box fit snugly in $\frac{1}{4}$ " grooves.

DAV-SON

CHANGEABLE LETTER AND CORK BOARDS

[illegible]

*After all . . . There are many good dependable companies . . .
Just what makes DAV-SON outstanding?*

QUALITY *Quality, in the true sense of the word, is synonymous with DAV-SON. Only the finest of materials and workmanship are used in the construction of DAV-SON products. This assures you of receiving a bulletin board or directory in which you will take great pride in having on display. Because our techniques and facilities are the most modern, DAV-SON is capable of delivering such quality at extremely low costs.*

SERVICE *From office staff to shipping department, DAV-SON's entire work force teams together to handle your orders, inquiries, and requests as they should be—accurately and promptly. In fact, doing this is DAV-SON's sole purpose and function.*

SATISFACTION *Our motto, "WE ARE NEVER SATISFIED UNTIL YOU ARE," should give you some idea as to our feeling concerning your satisfaction. To state it very simply, your complete and thorough satisfaction is the A. C. Davenport and Son Co.'s single goal.*

With the above as its guidelines and having over 32 years of experience and know-how, A. C. Davenport and Son Co. will continue to strive to improve its products and services and retain its leadership in the industry.

THANK YOU. It will be our pleasure to serve you. May we?

This catalog is as comprehensive as we feel it can be. If, however, you are unable to locate exactly what you require, please contact us, and we will assist you. The following INDEX should help you find more quickly what you are looking for:

KO-100 18" x 24" (upper photo) Kalamein Stainless Steel Frame. $\frac{3}{4}$ " for Heading, $\frac{1}{2}$ " for Sub-Heading and $\frac{1}{4}$ " for balance of listings. All are Gothic Letters.

AO-150 30" x 20" (lower photo) Anodized Extruded Aluminum Frame. $\frac{3}{4}$ " Heading, $\frac{1}{2}$ " and $\frac{3}{8}$ " for balance of copy.

C-100 32" x 44" Anodized Extruded Aluminum Frame. 1" Heading, $\frac{3}{4}$ " and $\frac{1}{2}$ " Sub-Headings and $\frac{3}{8}$ " for balance of listings. All are Gothic Letters.

More people will look at your directory than at any other piece of equipment in your building. It is always a focal point of attention. That's why your choice of your directory is an important one. And it is our chief concern and responsibility to provide a directory which will meet with your complete satisfaction. The traffic

pattern in your building will move swiftly because your handsome DAV-SON board is an eye-guide that marks a direct route for busy visitors. Many buildings are also equipped with individual floor directories to further aid the in-a-hurry businessman. Please turn to page 3.

CHANGEABLE LETTER

A DAV-SON directory is so essential we made it as convenient to use as possible...

AO-150 22" x 32" Anodized Extruded Aluminum
Frame. 1/2" for Heading, 3/8" for balance of copy.
All are Gothic Letters.

KO-100 39" x 27" (upper photo) Kalamein Chrome Frame. 1" for Major Heading, ½" for Sub-Heading and Names in ¼". All are Gothic Letters.

CF-100 44" x 32" (lower photo) Anodized Extruded Aluminum Frame. Concealed Fluorescent illumination. 1½" for Major Heading, ½" for Floors, ⅜" for Company Names and ¼" for individual names. All are Roman Art Letters.

K-100 25" x 37" Kalamein Anodized Aluminum Frame. $\frac{3}{4}$ " for Major Heading, $\frac{1}{2}$ " for Sub-Heading and $\frac{3}{8}$ " for Names. All are Roman Art Letters.

DAV-SON directories announce your building occupants in style! Every row of letters is straightline perfect because the back panel is precision-grooved. The backboard is covered in 100% long wearing, wool felt and both the background and the molded plastic letters are available in a splash of colors. Strong full length piano hinges on all DAV-SON directories eliminates any chance of doors sagging. Every directory is equipped with dust-

tight glass doors, dependable cylinder-type locks . . . and the finest craftsmanship in a wide variety of handsome metal and wood frames. The DAV-SON directory is convenient to use. No more jostling with traffic in the hall—panels are removable for more convenient changes at your desk or work table. The changeable letter inserts are metal bound and sturdy, and are easy to

For prices see pages 11, 12, 13 and 14.

Do you have a constantly shifting and swelling building population?
Does your building house a firm that keeps adding partners? Maybe you have a school or hospital building directory with dozens of different departments and functions . . . a few swift, easy "changeable letter" adjustments and your DAV-SON directory is always in up-to-date order . . .

KO-100, 22" x 39" kalamein anodized aluminum frame. 1" letters for heading, 1/2" for alphabet and 3/8" for balance of copy. All are Gothic letters.

KO-100, 26" x 26", 1" letters for heading, 1/2" for sub heading, and 3/8" letters for balance. All are Gothic letters.

KO-100, 48" x 36" kalamein bronze. 3/4" letters for headings, 1/2" for alphabet and 1/4" for balance of copy. Headings are Gothic; 1/4" letters are Roman Art.

KO-100, 18" x 24" kalamein stainless steel frame. 3/4" for heading, 1/2" for sub headings and 3/8" for balance of listings. All are Gothic letters.

handle. DAV-SON can help you list a dozen or thousands of occupants.

The size of your directory is dependent on both the amount of names and sizes of letters to be used. If after reviewing the above illustrations and the name capacities chart shown on page 11, you are unable to decide which of our sizes is best suited please

advise us of your requirements, and we will make specific recommendations as to which of our many sizes is the one for you.

For prices see pages 11, 12, 13 and 14.

ANNOUNCEMENTS

On which floor is my convention gathering?

What room is set for the Women's Club Fashion Show?

Where is the P.T.A. meeting?

CE-10 48" x 48" Kalamein Chrome Frame. 1½" heading and ¾" for balance of copy. All are Gothic Letters.

KO-100 (upper photo) 48" x 36" Kalamein Stainless Steel Frame. 1½" heading, 1" sub-heading and ¾" for balance of copy. All are Roman Art Letters.

C-100 25" x 37" Anodized Extruded Aluminum Frame. 1½" heading and 1" for balance of copy. All are Gothic Letters.

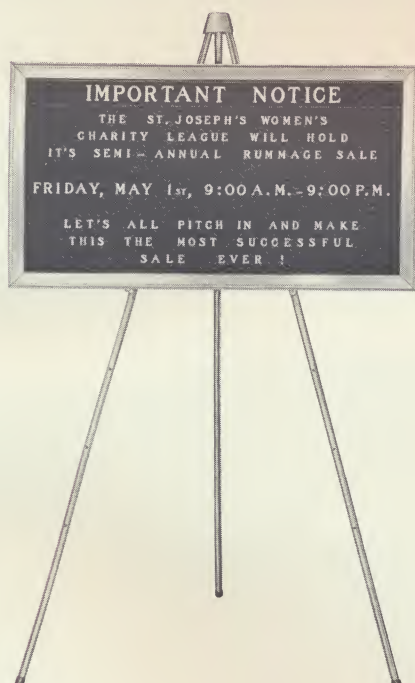

DAV-SON announcement boards are the natural successor to a history-full of attempts to let a lot of people know about a lot of things at the same time. Nobody will miss reading your message on a DAV-SON announcement board. They do their job well in legible, forceful silent talk, a message at the right time, and in the right place. Choose from a span of quality boards crafted of the finest material. Your choice of kalamein metal frames is available in gleaming chrome, rich bronze, satin finished stainless steel

and anodized aluminum. Fine wood frames are available in a variety of finishes. All frames can be surface mounted or mounted on attractive matching standards for easy mobility. Many are adaptable for recessed mounting to suit any location. We will key the plastic changeable letters and in the 100% wool felt background to your color scheme.

Open faced, as well as glass enclosed styles are available to suit your specific requirements.

For price list see pages 12 and 13

Achieve the mobility and flexibility that is many times required of an announcement board by choosing one of these DAV-SON styles.

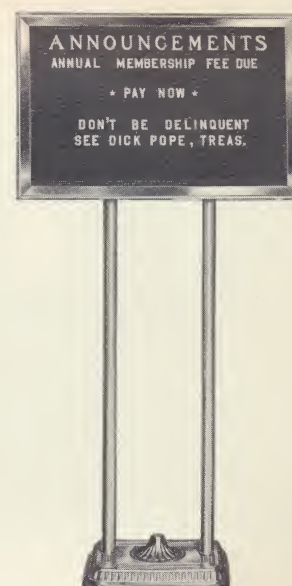

AT-3

K-100-ST and C-100-ST

CP-300

CP-400 Horizontal

Style AT-3

Tripod easel in wood or aluminum with matching framed changeable letter board—easel has overall height of 66". Changeable letter board is open faced (not glass enclosed) style CE-10 which is described at top of page 12.

MODEL SR

The best tools of business are designed to make money, or save money. Carefully chosen, your DAV-SON Charts in the plant can do both. HOW?

Safety charts outlining current aids and reminders for safe plant operation reduce costs by reducing accidents. They create an atmosphere of safe conduct through the working day. The size of your safety chart, such as that shown above, is determined by the amount of departments you have. Advise us of your require-

ments and we will quote prices based on supplying a board and quantity of letters sized to meet your exact requirements.

Sales record charts and sales quota charts provide healthy competition in your sales force, stimulating business. Contest results, announcements, and service record charts, best express changing thoughts and events and swing your plant employees into a team.

Your production picture will be enlarged with effective control

For prices see pages 11, 12, 13 and 14.

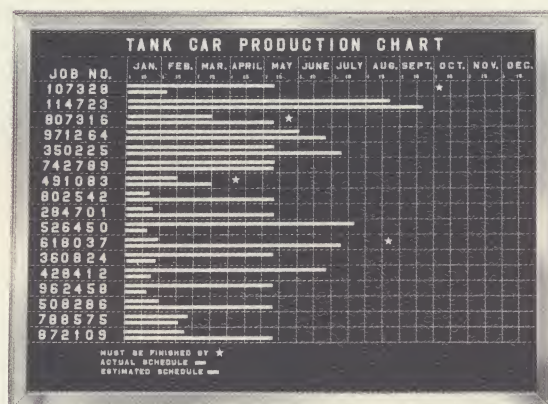

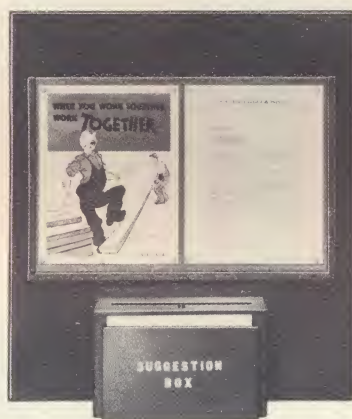

Depending upon the size of your organization and your specific needs, DAV-SON will help you equip your plant with 1 chart or 20 charts—all designed to help develop long range plant economy and efficiency.

KO-100, 27" x 39" kalamein stainless steel frame. 1" heading, $\frac{3}{4}$ " sub heading, and announcement and $\frac{1}{2}$ " for balance of listings. All are Gothic letters. Daily, weekly, monthly sales charts are available to stimulate competitive activity among your sales force.

S-401 (upper photo) 21" x 24" suggestion box for closer harmony between management and employee. Genuine cork posting area, heavy gauge metal construction. Hammered bronze or green baked enamel finish. \$19.75.

S-400 10" x 5 $\frac{1}{2}$ " x 6 $\frac{1}{2}$ " suggestion box only. \$12.50.

CE-10 (lower photo) 44" x 32" aluminum frame. 1" heading, $\frac{3}{4}$ " for job numbers and $\frac{1}{2}$ " for months. Gothic letters. Bars are 1 $\frac{1}{2}$ " x $\frac{1}{4}$ " white and red. Other production charts can be adapted to suit your specific needs, forward rough sketch and our experienced consultants will submit recommendations.

Illuminated Safety Director Display. 18 $\frac{1}{2}$ " x 29" x 6 $\frac{1}{2}$ ". Safety first panels blink on and off in vivid safety red and green. Changeable letter panel is illuminated from the rear giving maximum readability to messages. Unit is complete with 98—3 $\frac{1}{2}$ " red and 250—1 $\frac{1}{8}$ " black interchangeable acetate letters and figures. Chrome frame, neon effect border, 8" safety bullseye flasher, slide out letter panel, hangers and carrying handle. \$59.75 Special wording in bullseye panels \$5.00 additional, per panel. A double faced board is \$89.00

scheduling charts. Jobs leave the plant on time. Incoming orders are serviced when scheduled. No mix up on shipping dates when production is charted clearly and efficiently.

Call or write us for an appointment with our consultants. No obligation. Our experienced staff is eager to help you outfit your plant for better service and more profit.

For prices see pages 11, 12, 13 & 14

DAV-SON

ORDERING INSTRUCTIONS

Your order will be processed promptly and correctly, and delays and errors will be avoided if the following information is included with your order.

1—State QUANTITY of units required.

2—State SIZE noting very clearly which dimension is to be the height and which dimension is to be the width. (The fact that it is to be wider than high or higher than wide has no effect on cost). In other words, it is very important to state on your order if you desire a

Horizontal  or Vertical  style unit

As noted, above, this has no effect on cost, but usually there is

definite preference as to which style should be supplied.

3—State STYLE NUMBER desired.

4—Advise which FRAME MATERIAL is desired, (such as chrome, wood, bronze, etc. . . .).

5—Check pages 13 and 14 for sizes, prices etc. . . . for letters and figures which are used with these changeable letter boards.

IMPORTANT INFORMATION

1—Prices do not include cost of letters and figures which are priced and illustrated on pages 13 and 14.

2—All of the sizes shown in this catalog are the overall dimensions. The usable or visible area is of course slightly less due to the frame material.

3—The prices shown do not include the cost of any type of header panel. Plexiglass, cast aluminum and cast bronze header panels are illustrated, priced and described on page 22.

4—As noted in the price lists, koroseals or colored felts are

available for a slight additional cost. Included in the colors available are white, amber, dark green, medium blue, red, dark brown, and light brown. Other colors are also available, but there would also be even more additional cost involved. If such is desired, simply contact us advising us what color we are to match and prices will be quoted promptly.

5—Unless otherwise specified on your order, black felt covered changeable letter boards having chrome frames will be supplied.

6—All prices in this catalog are F.O.B. factory, Palatine, Illinois.

NAME CAPACITIES

The size of a directory or any sort of membership roster depends not only on the amount of names to be listed, but also on the size of letters used. This table should help you better understand this and also assist you in determining which of our sizes is best suited for your requirements. If you would like our specific recommendations and personal assistance, please do not hesitate to write us.

These sizes have been estimated on the basis of listing average names. . . . For example, if $\frac{1}{4}$ " letters are used a $7\frac{1}{2}$ " column width is normally adequate; whereas, if $\frac{3}{8}$ " size letters and figures are used a 10" or 11" column is usually required. If your listings are unusually long or uncommonly short, these column widths would of course be affected accordingly. $\frac{1}{4}$ " letters require $\frac{1}{2}$ " of space vertically. This, of course, includes $\frac{1}{4}$ " for the letter and $\frac{1}{4}$ " for the space between names. Similar spacing between names is, of course, required for the $\frac{3}{8}$ " and $\frac{1}{2}$ " size letters.

	$\frac{1}{4}$ " LETTERS	$\frac{3}{8}$ " LETTERS	$\frac{1}{2}$ " LETTERS
SIZE OF BOARD BEST SUITED	No. OF NAMES	No. OF NAMES	No. OF NAMES
wide high

White with black outline

DAV-SON's letters and figures are very easily read. The following is a table indicating from what distances the various sizes of letters and figures can be easily read.

SIZES	DISTANCES
3/4"	4' to 6'
3/8"	6' to 9'
1/2"	9' to 12'
3/4"	12' to 15'
1"	15' to 19'
1 1/2"	approximately 25'
2"	approximately 40'
3"	approximately 75'

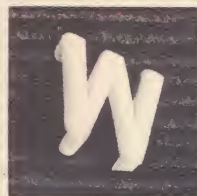

The normal viewing distance of a directory, membership roster handicap chart, etc. . . . is approximately 3' to 6'. The normal viewing distance of an announcement board is 10' to 25'.

The DAV-SON stark white and ivory or brightly colored changeable letters are designed for easy change and firm-grip reliability. Your message can be spelled out any way you desire—up, down or across. Jarring won't dislodge the letters—they cling securely to the board's precision grooves with strong 1/4" flanges.

All letters can be used outdoor as well as indoor. Plastic letters are especially durable and long-lasting, fade and warp resistant.

Our standard assortment of letters and figures range over the alphabet to supply as many letters as needed for your use—with emphasis on those most frequently used. Or supply an itemized alphabet list such as 10-A, 6-B etc., (A list of names is not an itemized list), and we'll fit your letter requirements accordingly at no additional charge on the changeable letter board. For .02 per letter additional, we'll set up and arrange your listing according to your instruction.

If your order has less than 200 letters and figures (without a board), there will be an additional 2c per letter charge.

Suggested quantity of letters & figures required.

BOARD SIZES	QUANTITY
15" x 12" to 18" x 24"	300
20" x 26" to 25" x 37"	500
27" x 39" to 48" x 36"	800
60" x 36" to 72" x 36"	1000
72" x 48" to 96" x 48"	1200

Standard assortments in quantities of 200, 300, 400, 500, 750 and 1000 or multitudes thereof in all sizes and styles are in stock for immediate shipment.

ALPHABET BOX

Every letter and figure knows its place in the alphabet compartment box provided FREE of charge with any order of 200 or more assorted letters and figures. No hunting for an elusive "Z"—all letters are pigeonholed according to the alphabet for convenience. Made of hard cardboard, additional boxes are supplied in three sizes.

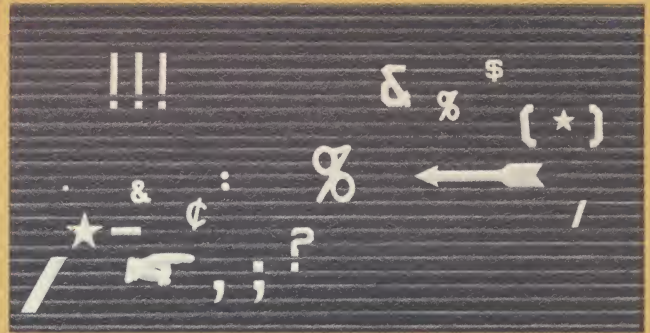

Regular size (16" x 11 $\frac{7}{8}$ " x 2") can easily accommodate at least 1,000 letters and figures, .75 each.

Large size (13 $\frac{1}{2}$ " x 19 $\frac{1}{2}$ " x 1 $\frac{3}{4}$ ") can easily accommodate 1,500 letters and figures, \$1.25 each.

Extra large and strong box (19 $\frac{1}{2}$ " x 15 $\frac{1}{2}$ " x 3") can easily accommodate 3,500 letters and figures, \$10.00 each.

LETTER ACCESSORIES

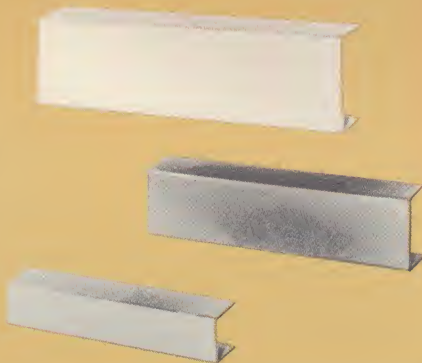

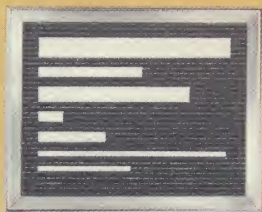

Punctuate your message with stars and bars, arrows and bold exclamation points. Plastic figures and symbols of many descriptions are available to round out your message, hold the reader's attention. $\frac{1}{2}$ " or $\frac{3}{8}$ " stars in white, red, yellow and green, 10c each. 2 $\frac{1}{2}$ " arrows, white only are 10c each, hands 10c each. Parenthesis, all sizes, 10c per pair. Per cent signs and "cent" figures, all sizes, 10c each as are slants and hyphens (dashes), all sizes. Ampersands priced same as Letters.

GRAPH BARS & WINDOW CARD HOLDERS

Tell at a glance how production growth in the plant is progressing with use of double-flanged or single flanged bases, perfect for graphing charts. Easily butted together to extend the full length of your chart in one continuous line. Available up to 2" in height in many colors or in clear acetate to hold typewritten names. White base also holds grease pencil markings—write on it, wipe it off and reuse.

2c per lineal inch in sizes to 1" in height
4c per lineal inch in sizes to 1 $\frac{1}{2}$ " in height
8c per lineal inch in sizes to 2" in height

HORIZONTAL & VERTICAL DIVIDERS

A strip of plastic and nylon cord and your board changes character—multi-columned for directory use . . . box-like squares for organizational charts, etc. Plastic strip fits easily into grooved backboard—arranged and rearranged in minutes.

5c per lineal foot.

K SERIES

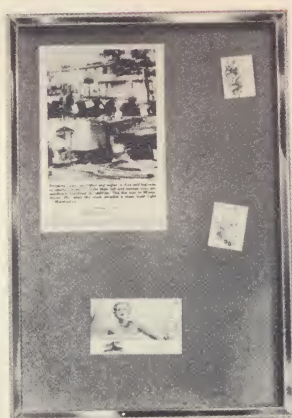

**Handsome appearance and clean lines
typify DAV-SON K Series cork boards.**

K-31

K-22 WITH 1 CHANGEABLE LETTER INSERT

K-3

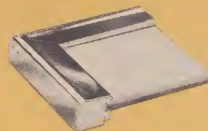

DAV-SON research and experience proudly presents the unmatched "K" series . . . the "best" cork board which highly compliments any commercial, modern, industrial or public building.

"K" is the blue-blood of the cork board series. It is at home in the fanciest foyer or most elegant entranceway. All the quiet resilience of self-sealing natural cork plus "Easy Clean" advantages—soil marks disappear with a wipe of a damp cloth.

Many combinations of varying sizes and shapes framed to your preference in gleaming chrome, rich bronze, anodized aluminum, and satin stainless steel. A click of your key and the glass door stays locked to mischievous hands. Available with changeable letter inserts for dual duty. Open-faced styles also offered.

CORK-BOARDS

C-100C

KO-100C

The C-100C cork bulletin board has been designed and specifically built for the all-outdoors. Handsome enough to compliment the finest landscaping and the most dignified buildings. It is weather-sealed against the elements—water won't seep in, hot sun can't damage it. Framed in weather-proof satin-smooth anodized extruded aluminum, it is absolutely watertight and constructed especially for permanent outdoor performance in all climates.

If you're looking for a single door, interior use, standard sized cork bulletin board, the KO-100C is the board for you. Your choice of frame material includes chrome, or anodized aluminum. Glass door is mounted on full length piano hinge; cylinder type lock and key.

Variety is the key with changeable letter inserts. Teamed with a glass enclosed cork board, they perform a double duty service, combining ease of changeable letter design and flexible use. 100% pure wool felt backing or non-fading, washable koroseal fits snugly into precision grooved quality plywood to hold any size letter (¼" high to 3") in perfect alignment. The wood backing is specially treated to resist moisture and warping. Eliminates maintenance and replacement costs.

Spark your surroundings by choosing the changeable letter insert in a variety of colors to blend with your decor. If you have an existing frame or suitable spot for your board, let us know—we shape the boards to your specification for exact fit. Available with or without binding.

See page 13 for prices of letters.

Prices are F.O.B. factory, Palatine, Ill.

HEADER PANELS

Enhance the appearance and improve the effectiveness of your bulletin board with a header panel.

Header panels can be installed in styles K-100 (KF-100), C-100 (CF-100), KO-100, and AO-150 changeable letter boards and style K Series cork bulletin boards. The overall dimensions shown on pages 12 and 16 will remain the same and the usable or visible areas will be reduced by the height of the header panel.

The following costs have been estimated based on supplying header panels with Gothic or Roman Art style lettering. These prices should be added to the prices shown on pages 12 and 16 to obtain total costs. If a special style of lettering is desired or if any emblems or seals are desired, write for prices.

Plexiglass (white translucent background, black letters): very attractive with any framing material.

Sizes up to 48" wide add \$45.00
 Sizes up to 60" wide add \$55.00
 Sizes up to 72" wide add \$65.00
 Sizes up to 96" wide add \$80.00

to prices shown on pages 12 and 16

Genuine cast aluminum (dull black background with raised satin finished aluminum letters): very attractive with chrome, stainless steel or aluminum frames.

Sizes up to 48" add \$115.00
 Sizes up to 60" add \$140.00
 Sizes up to 72" add \$175.00
 Sizes up to 96" add \$200.00

to prices shown on pages 12 and 16

Add 15% to prices of cast aluminum headers to obtain cost of cast bronze headers which would be used with bronze frame units.
